To: President of Judo Federation
From: Ukrainian Judo Federation

Dear Mr. President,

On behalf of the Ukrainian Judo Federation. I am grateful to you for support of Ukraine Judo Family at the most difficult time of military aggression from Russia and Belarus.

Ukrainian athletes remain members of the world sports movement and in the future, after the war, intend to participate in the Olympic Games, World and European championships, other international events and to establish Ukraine's image as a strong sports state only in fair sports competition.

The Ukrainian judo Federation asks to help us in this difficult time.

Thank you in advance for your helpful and support.
